

2. KEEP IT SIMPLE.

You don't have to say "circumnavigate the globe" when you mean "go around the world."

Ask yourself why you are writing. If you want controls over pollution, if you want federal assistance to local communities to improve sewage treatment facilities, if you believe Project Sanguine should not be installed, just say you hope he will vote to protect our environment and to take all possible action in this direction.

3. MAIL IT.

Address letters and post cards to your U. S. Representative to the House Office Building, Washington, D.C. 20515. When writing him, begin "Dear Congressman . . . "

Address letters and post cards to your U. S. Senators (there are two for each state) to the Senate Office Building, Washington, D.C. 20510. When writing them, begin "Dear Senator . . . "

REMEMBER: If you and your friends and people all over the country wrote to your Congressmen three or four times a year, the laws passed by Congress would be much more to your liking.
